

An aerial photograph of a modern backyard pool and patio area. The pool is rectangular with a blue interior and a grey deck. A slide is attached to the left side of the pool. The patio is paved with grey concrete and features several outdoor dining sets, including round and rectangular tables with chairs. A black metal fence surrounds the pool area. In the background, there is a large green lawn and some trees. The text "2025-2026 Catalog" is overlaid in the upper right, and the "Aq Construction" logo and phone number are overlaid in the center.

Aqua Pools

Service & Maintenance
Construction

At Aqua Pools Construction we are a proud, local, family-owned construction company based in Cookeville, Tennessee. For over 45 years, we've been designing, constructing, and installing high-quality pools throughout the Upper Cumberland region.

Specializing in vinyl liner and fiberglass pools, we bring experience, craftsmanship, and personal attention to every project. Whether you're dreaming of a relaxing backyard retreat or a family-friendly oasis, we're here to make your vision a reality.

But our commitment doesn't stop once the pool is built—we offer reliable pool servicing and maintenance to ensure your investment stays beautiful and functional for years to come.

Let us help bring your dream pool to life. No vision is too big or too small—just tell us what you're imagining, and we'll make it happen.

AT AQUA POOLS, WE DON'T JUST BUILD POOLS — WE DELIVER A COMPLETE BACKYARD TRANSFORMATION. EVERY POOL WE BUILD IS A TRUE TURNKEY SOLUTION, DESIGNED FOR YOUR CONVENIENCE AND BUILT TO LAST. FROM START TO FINISH, WE HANDLE EVERY ASPECT OF THE CONSTRUCTION PROCESS, INCLUDING:

- EXCAVATION - STRUCTURAL FRAME KITS
- COMPLETE INSTALLATION
- PLUMBING AND ELECTRICAL WORK
- HIGH-QUALITY POOL EQUIPMENT
- AND MUCH MORE!

NO NEED TO JUGGLE MULTIPLE CONTRACTORS — WE MANAGE IT ALL SO YOU CAN SIT BACK, RELAX, AND ENJOY YOUR BRAND-NEW POOL THE MOMENT IT'S COMPLETE. WITH AQUA POOLS, THE ONLY THING YOU'LL NEED TO DO IS DIVE IN.

Pool Packages

STEEL FRAME VINYL LINER - POLYMER FRAME VINYL LINER
FIBERGLASS

Equipment Package Includes

PUMP - FILTER - UV SANITIZER - CHLORINATOR OR SALT SYSTEM - 2
REMOTE LED MULTI-COLOR LIGHTS

Aqua Pool Construction Package

Aqua Pools Construction Pool Packages ALL include Excavation, Structural Work, Plumbing & Electrical, Installation of Equipment & Liner, and finally Filling & Start-Up! Our pool experts take your pool dreams and turn it into reality one step at a time! We take over your backyard for a complete transformation only asking you to trust the process and get your drinks ready to cheers at the completion of your pool along with a first big splash!

Vinyl Liner Pool Package

Steel Frame vinyl liner pool packages & Polymer Frame vinyl liner packages typically include the necessary building permits, the dig, construction of pool walls and a floor, installing and connecting the pool pump and filter system, installation of the vinyl liner, adding in other optional (but useful) pool parts, like ladders and handrails, and in some cases, the addition of some concrete patio around the pool.

Fiberglass Pool Package

Fiberglass pool packages typically include purchasing, delivering, and installing a fiberglass pool shell, installing and connecting pump and filter systems, any necessary gravel for backfill however much water is needed to fill the pool, the costs and labor involved in securing building permits, and in some cases, the addition of some concrete patio around the pool.

FIBERGLASS SHELL

As the modern choice in pool design, fiberglass offers lasting durability, elegant finishes and a smooth, low-maintenance surface.

Fiberglass swimming pools are molded, handcrafted pools that arrive at your home, ready to be installed in your yard. The fiberglass is created from millions of interwoven glass threads covered with a polyester resin. This process yields an incredibly durable material that's ideal for an in-ground swimming pool.

Because fiberglass pool shells are manufactured off-site and ready to install, you can start enjoying your pool sooner. Fiberglass inground pools are easier to care for and cost less in terms of upkeep over time. Fiberglass's smooth surface is algae-resistant, requiring fewer chemicals to balance your water chemistry and pH.

STEEL WALL VINYL LINER

Steel pool walls offer strength and durability and utilize galvanized steel which helps resist corrosion and prolong the life of the pool. Steel pool walls are 100% customizable so we can design any shape and size to complement your pool.

Vinyl liner inground pools have several key advantages pools. The smooth, antimicrobial surface of a vinyl liner is algae resistant, requiring fewer chemicals to balance your water chemistry and pH. This makes them easier to care for and cost less in terms of upkeep over time.

Big or small, there's a pool for every backyard. From sleek rectangular lines to flowing freeform curves, Vinyl liner pools come in all shapes and sizes, designed to suit any aesthetic.

POLYMER WALL VINYL LINER

Standing up to the test of time and weathering decades of even the brightest sunshine & rowdiest splashing. Polymer tough and rugged; its anti-corrosive properties also make it ideal for saltwater pools!

While steel pool walls can have their advantages, they aren't necessarily the best choice for every homeowner. Many people prefer polymer pool walls as an alternative to steel.

Polymer panels are built to last and will never rust, corrode, rot, crack, or splinter. They're engineered for durability, providing a maintenance-free, long-lasting solution.

Aqua Pool Equipment Package

A pool equipment package is extremely important when purchasing a swimming pool. This is the list of everything that is going to be included with the price of the pool package you choose! Every pool is unique with the equipment needed but every Aqua Pool Package includes the essentials you need to have a fully functioning pool for many years!

Sand Filter

The sand filters the water of fine debris, as it is packed inside the tank and around the internal plumbing. At the same time, the particles trapped within the sand will build up over the life of the filter, increasing internal pressure—a sign it's time to backwash the filter. This easy cleaning method the filter reverses the water flow, flushing all the debris to waste.

Sand Filters have the option of Glass Media and other types of media besides sand! Ask your pool expert on the difference of each.

Hayward Omni 600 Series Variable Speed Pump

Variable speed is the answer to a well-maintained pool. Digitally controlled allowing you to choose between several pre-programmed speeds & timers, as well as the option to program your own. Traditional pumps will continue to run until something causes them to fail, whereas VS pool pumps come with diagnostics to alert you of any problems prior to failure.

UV Light & Chlorinator

Optional UV Light

The UV light rays target harmful bacteria and other microorganisms in your pool water. Significantly reduces the need for chemicals without producing harmful by-products.

A Chlorinator automatically mixes chlorine into the water in response to various sensors. These sensors can indicate the necessary amount of chlorine for healthy swimming.

Salt Water System

Optional - Salt Water Pools Only

By converting dissolved salt into a virtually endless supply of chlorine, AquaRite salt chlorination systems create perfectly sanitized pool water. Easy for every pool owner to enjoy all the benefits of the salt systems. WILL I BE ABLE TO TASTE THE SALT? No. Salt pools maintain extremely low salt concentrations—generally below the taste level of most people.

Every Aqua Pool Includes 2 Argon Series Lights. Additional Charges May Apply for Any Additional Lighting

SE Spa Electrics®

Spa Electrics is the leading manufacturer of premium underwater LED lights for new & existing pools and spas. Our award-winning products are manufactured in Australia and designed specifically for the USA swimming pool & spa industry.

The ARGON Series from Spa Electrics has been designed and built to withstand the most extreme of climate conditions, while still delivering a superior lighting performance.

3" Niche for superior strength and convenient cable storage; purpose-built winterization system designed to significantly reduce servicing times and improved durability. Forward facing Heat Sink harnesses the full cooling potential of the pool, for maximum LED brightness and longevity.

The underwater lighting specialists

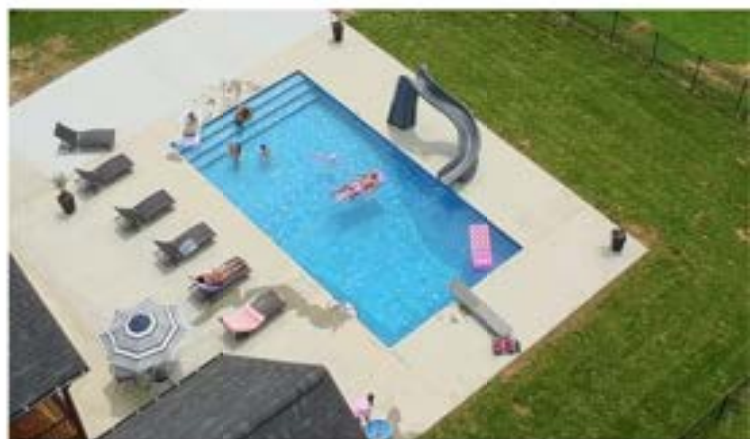

Pool Series

A Pool for Every Backyard — Introducing Our Signature Series
At Aqua Pools, we believe every backyard deserves a dream pool — no matter the budget. That's why we've created three exclusive pool series, each offering a complete turnkey experience with both construction and equipment packages included:

Gold SERIES

A perfect balance of quality and value. The Gold Series delivers everything you need for a beautiful, functional pool with essential features that make it ideal for families and first-time pool owners.

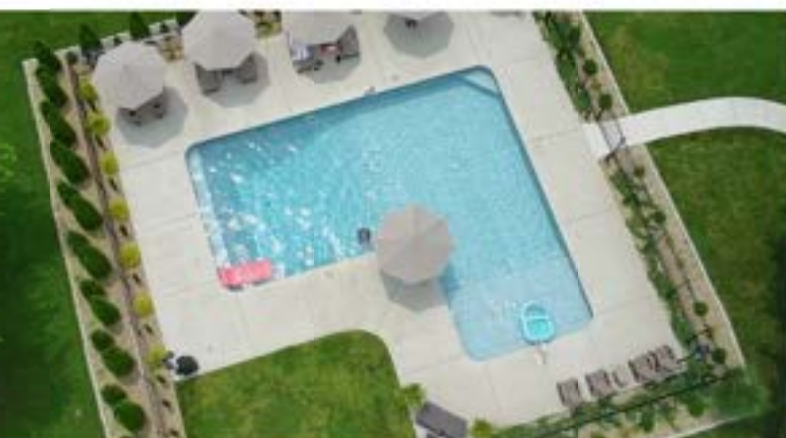

Starting At **\$69,000**

ADDITIONAL EQUIPMENT, ADD-ONS & POOL UPGRADES

Heat Pump & Gas Heaters

Chilly pool mornings...No thanks. Gas heaters heat fast and heat pumps save energy. We have several options to heat your pool and have you swimming longer! Beyond the obvious draw of the relaxing nature of warm water, a heated swimming pool has plenty of other benefits.

Additional costs associated for all Heaters.
Due to required power, gas lines,
equipment pad, ect.

Starting /T

\$7,500+

Sunken Spa

A hot tub or swim spa that is installed below ground level, often integrated into a deck or patio. This creates a seamless, modern look and can enhance the overall aesthetic of an outdoor space.

Additional costs associated for Sunken Spa's. May require additional plumbing, pump power, concrete, ect.

Starting /T

\$10,000+

Water Feature

Transform your swimming pool from a refreshing oasis, to a serene retreat, or a tropical resort.

Endless options of waterfalls, fountains, cascades, water walls, and spillways. Water features like waterfalls and fountains can mask unwanted noise, making your poolside experience more peaceful and enjoyable. They also offer therapeutic benefits, contributing to a calmer and more meditative state.

Additional costs associated for water features. May require additional plumbing, pump power, ect.

Starting /T

\$8,500+

ADDITIONAL EQUIPMENT ADD-ONS & POOL UPGRADES

Stamped Concrete

Stamped concrete is a decorative technique where patterns and textures that mimic brick, stone, tile or wood are imprinted into the concrete surface. Stamping provides a versatile and affordable paving option that doesn't require much maintenance.

\$11 SF. Broom Finish

Starting /L

\$11 SF.+

Tile Pavers Pool Border

Popular choice for pool borders due to their durability, low maintenance, and aesthetic appeal. They offer a non-slip surface, resist staining and fading from UV exposure, and are resistant to water damage, making them ideal for poolside areas. Pool coping, which is the material that caps the pool's edge, is often made of the same or complementary paver material to create a cohesive look.

Additional costs may occur for Tiles & Installation

Starting /L

\$5,000+

Fiberglass Pool Tiles

A fiberglass pool is a tasteful backyard upgrade in and of itself, but swimming pool tiles will subtly enhance the overall effect. Every time you catch a glimpse of the sun glinting off your tiled pool or watch the cool water gently lapping against a brilliant tile mosaic, it will bring a smile to your face. In the same way that the simple addition of crown molding adds elegance to a room, waterline tile adds elegance, sophistication, and customization.

Additional costs associated for Tiles & Installation

Starting /L

\$3,500+

PREMIUM ACCESSORIES

Pool Loungers & Tables

The perfect companion for ultimate relaxation on your pool's sun shelf. Bask in the sun while enjoying a refreshing dip at the same time. Its curves are designed to conform to your body's natural contours for your complete comfort. Add a touch of elegance to your poolside scene, while its durable construction lets it stand up against all the elements.

2 Chairs & Table

\$2,500

Typhoon Pool Slide

The Typhoon is full-sized pool slide that stands 7'4" tall to the top of the handrails. With enclosed ladder and molded handrail design for maximum safety. The unique GrandRapids water delivery system offers lots of rushing water for a fun ride.

Starting / L

\$6,500

Rotomolded
Gray Granite

Rotomolded
Sandstone

Basketball Hoop

The Swim N' Dunk Residential Challenge Dual Post Pool Basketball Game features a stainless steel, continuous piece frame for quick and simple installation. This pool game even features a SealedSteel Salt Friendly vinyl coated rim for added durability and can be installed in existing Swim N' Dunk basketball hoop anchors. When you want to store the pool basketball game, simply remove it from the anchors and replace with optional anchor caps for a flush look.

Additional

\$1,850

PREMIUM ACCESSORIES

Volleyball Net

Bump. Set. Splash! The Swim N' Spike Pool Volleyball Game will provide hours of fun and entertainment for all. Two stainless steel posts can be plugged into deck anchors when you're ready to play and easily removed when you are finished. Two anchor caps are included that lay flush to your deck. Take fun and competition to a new level with the Swim N' Spike Pool Volleyball Game!

/ additional

\$1,450

Upgraded Diving Board

S.R.Smith is reinventing the diving board category with a unique, patent pending design: the TrueTread™ Diving Board Series. These stylish diving boards make an old favorite new again with a modern, sporty look that is gentle on the feet. TrueTread is a durable, marine grade composite material that stands up to salt, sun and hours of fun.

TrueTread Red

TrueTread Blue

TrueTread Tan

TrueTread Gray

/ additional

\$2,400

Seating Rock

When you get to your poolside, what's the first idea you have? We bet it's to jump right in! Jumping into the pool is, perhaps, the most popular way to get into the water. While leaping from the pool deck does the job, there's something extra exciting about jumping from a raised spot on the deck.

Jump rocks, also provide extra seating for guests and friends lounging around the poolside. Or for anyone who prefers not to go in the pool.

Starting /1

\$3,500

PREMIUM ACCESSORIES

Ledge Kids Slide

Get ready for hours of fun with our Signature Slide. Designed for water depths of 0-12 inches, the pool slide provides a great opportunity for uninterrupted play on your pool's tanning ledge or sun shelf. The smooth slide area, slip-resistant steps and rounded edges create a safe space for your children to play while you relax nearby. Designed for in-pool or on-deck use.

Additional
\$1,100

CamerEye Pool Alarm

Gain peace of mind with CamerEye's cutting-edge smart pool safety technology.

This ingenious device introduces a smart AI powered addition to your pool safety program. Serving as an "extra set of eyes," this layer of protection detects potential drowning incidents in real-time and alarms you immediately, significantly improving response time. By identifying specific actions like swimming, falling, and even struggling in the water, it quickly detects much more than simple motion and notifies you.

Additional
\$1,350

Dolphin Premier Robot

When you unleash the Dolphin Premier automatic pool cleaner into your pool, it finds the fastest, most thorough path and cleans it with unparalleled precision. Smart-Nav software scans and calculates the optimal pattern for faster cleaning and improved efficiency.

If you would rather take control, choose the optional wireless remote control. Great for spot cleaning and provides hours of entertainment for both kids and kids at heart.

Additional
2,500

LOOPLOC SAFETY COVER

Starting At
\$6,500+

A LOOP-LOC mesh cover puts an unbreakable "lock" on your pool to protect your family, and only LOOP-LOC is available with the patented CABLE-LOC™ and GAPGUARD® Child Safety Intrusion Barriers.

- Unique brass anchors offer the ultimate protection and recess flush with the deck when the cover is removed.
- Mesh construction lets rain and melting snow drain right through. A polyester thread is 30% stronger and safer than other manufacturers.

Green Black Gray Tan Blue

Colors subject to availability

Make sure you protect your family with "The Elephant™ Cover." No other pool safety cover meets our quality standards, or comes with our commitment to superior customer service. "The quality of the cover you make today can save a life tomorrow"

AUTOMATIC COVER

Starting /A
\$17,500+

A Backyard swimming pool is the ultimate source of family fun! But when it comes to children and pets, it is also a major safety concern. No parent can be watching over the pool every minute. No fence or alarm can prevent a child from getting access to an unsupervised pool. A pool cover is considered the number one safety feature you can have on your pool.

Latham's Coverstar and Pool Cover Specialist brands of automatic safety covers are the perfect choice to protect your loved ones. Simply flip a switch, and your automatic safety cover will create a barrier over your pool that no child or pet can penetrate.

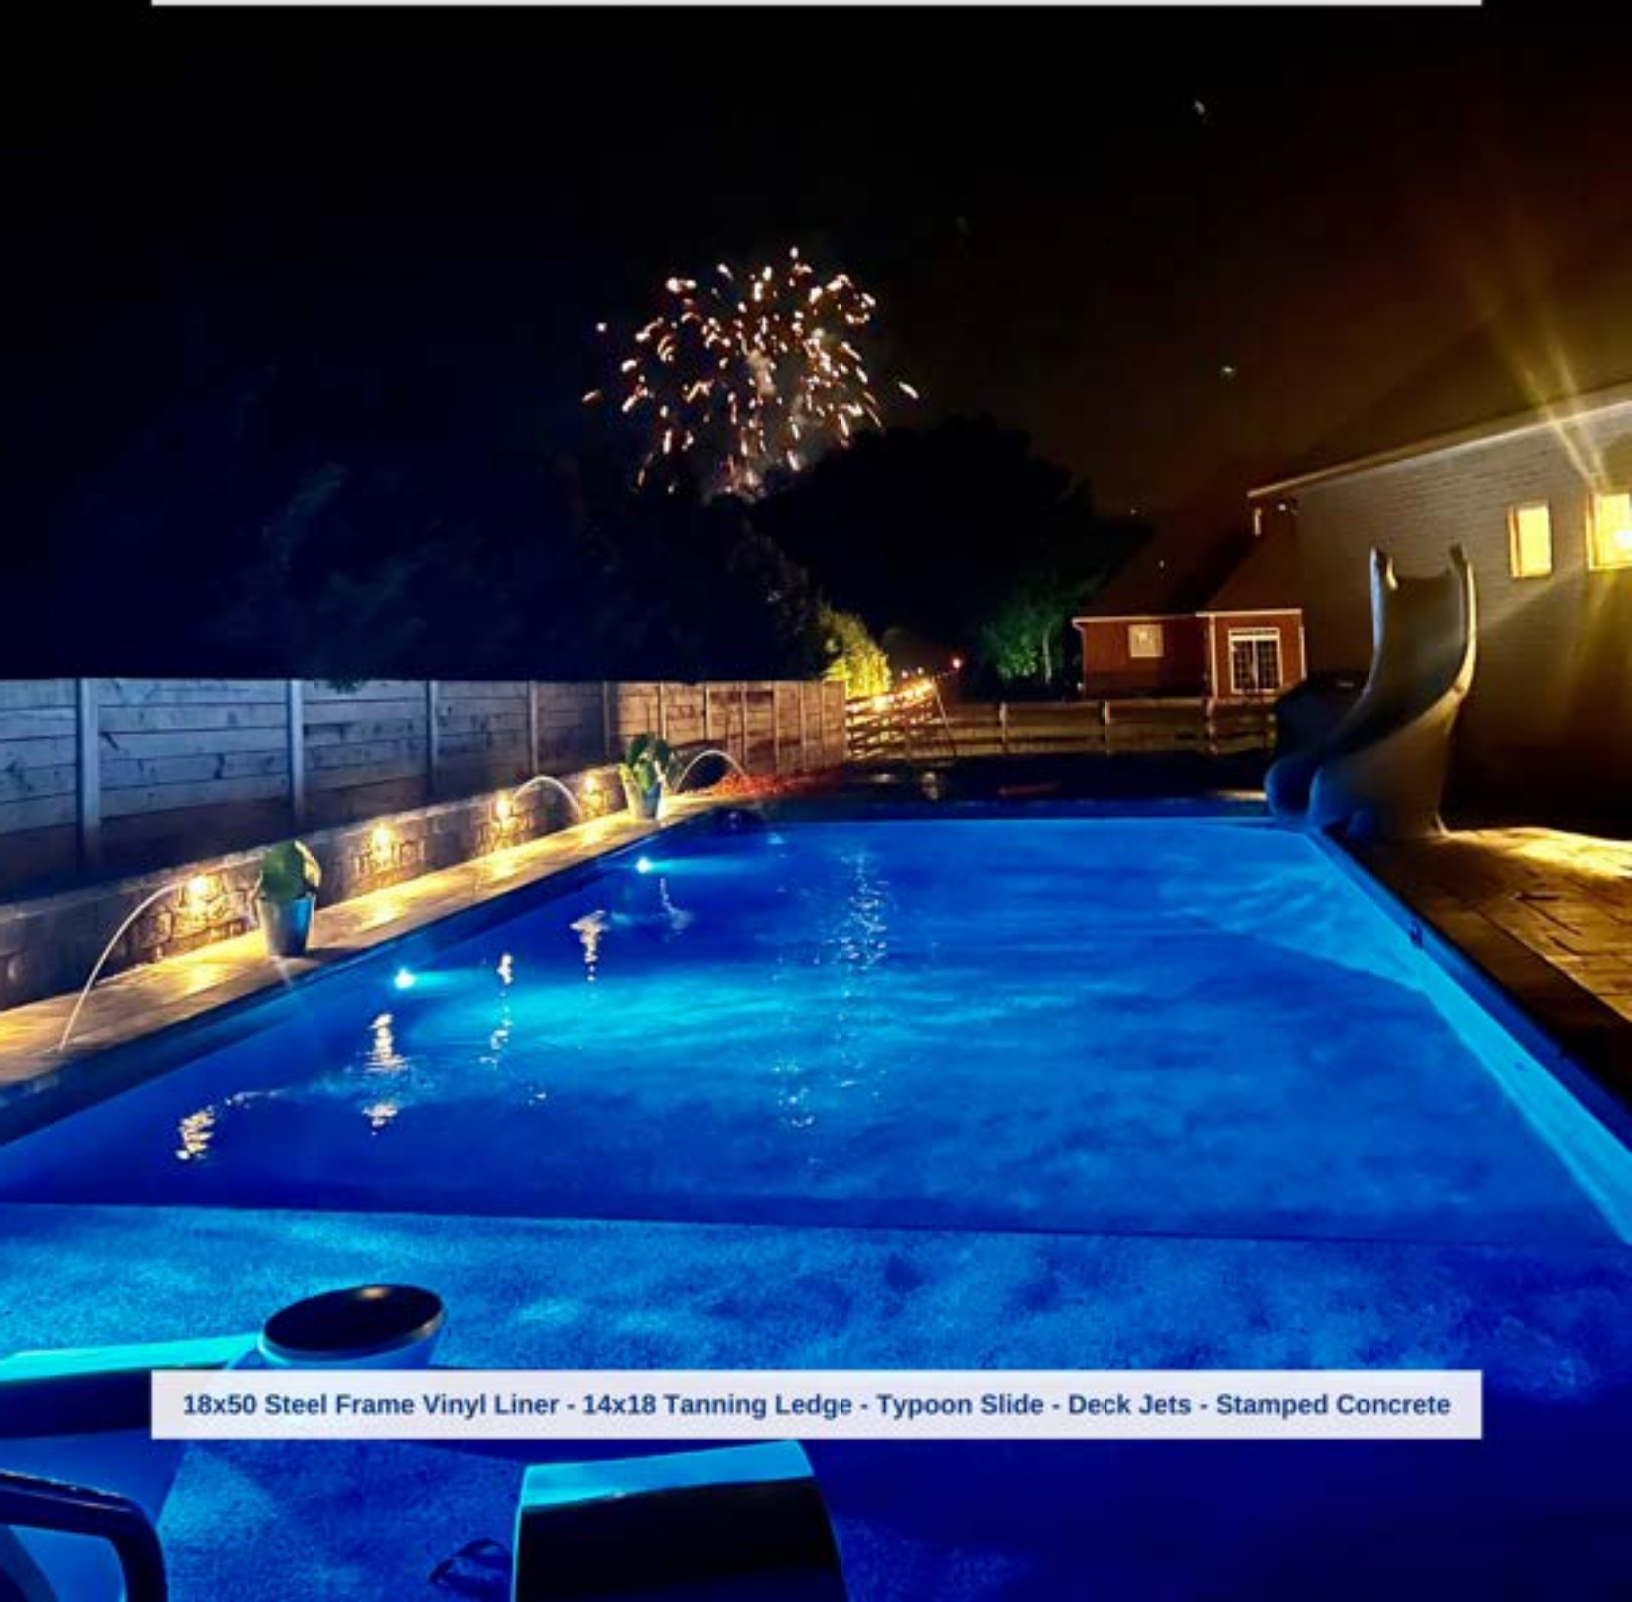

Our automatic safety covers are rated to hold up to 2000 pounds while the water is at operational levels. Depending on the size of your pool, the average time to operate a cover is around 45-60 seconds.

Colors subject to availability

By preventing heat loss through water evaporation & adding heat to water through the covers surface, you can increase the pool's temperature 7 to 10 degrees. Giving you added swim time!

Service & Maintenance

Always Dedicated To You

Seasonal Openings & Closings

Opening involves, starting up equipment and inspecting, while closing involves draining, winterizing plumbing, and storing equipment.

Equipment Repair

Diagnose and fix issues with various components of your swimming pool system, repairing leaks, replacing damaged parts, and ensuring the equipment functions cohesively.

Liner Replacement

Although a well-maintained liner can last roughly 10 to 15 years, there are some times when you may have to replace your vinyl liner sooner.

Your dream pool is an Aqua Pool

At Aqua Pools Service & Maintenance, we specialize in the care and maintenance of inground pools of all styles and ages. As a local, family-owned business, we take pride in building long-lasting relationships with our customers. Our goal is simple: to ensure your pool runs smoothly so you can enjoy years of worry-free memories with family and friends. Whether it's routine maintenance, troubleshooting, or complete seasonal care, we're committed to keeping your pool clean, safe, and ready for fun.
